Kartik Verma

AI Solution & Backend Developer

kartikvermaaa01@gmail.com · +91 74171 93304 · India

github.com/kartik-555 · linkedin.com/in/kartik555

AI solution and backend developer building AI systems with Python, FastAPI, Azure, and language models. Focused on agentic workflows, retrieval-augmented generation, and cloud-native backend architectures, with experience in AI-driven interview and automation platforms.

Technical skills

Languages & backend
Python, JavaScript, HTML, CSS, FastAPI, Django, Django REST Framework

Machine learning
TensorFlow, Keras, PyTorch, Scikit-learn, YOLO, OpenCV

Retrieval & databases
FAISS, vector search, MongoDB, PostgreSQL

LLMs & agents
LangChain, LangGraph, OpenAI API, Hugging Face Transformers, RAG, prompt engineering

Cloud & infrastructure
Azure Service Bus, Azure Blob Storage, Docker, Git

Data
NumPy, Pandas, data preprocessing, time-series analysis

Professional experience

Full-Stack Backend / AI Engineer

April 2025 – Present

Athmick.ai · Remote

- Developed AI-driven interview platforms using FastAPI and agentic workflows powered by LangChain and LangGraph.
- Built LLM-based agents with multi-step reasoning, tool usage, memory handling, and dynamic prompt orchestration.
- Implemented RAG pipelines including document ingestion, chunking, embeddings, and vector-based retrieval.
- Integrated Azure Service Bus, Blob Storage, and secure secret management; optimized prompts, execution flows, and response latency.
- Collaborated with product and frontend teams to translate requirements into reliable backend services.

Junior Python Developer

July 2024 – December 2024

Spark Brains Pvt. Ltd. · Chandigarh

- Developed backend systems using Django, FastAPI, PostgreSQL, and Django REST Framework.
- Delivered projects including an Employee Management System and the FNTX Trading Platform.
- Applied transfer learning, time-series forecasting, and object detection with TensorFlow, Keras, and YOLO.
- Worked with modular architecture, clean code practices, and REST API design.

Selected projects

AI Receptionist · WebSocket Conversation · AI Knowledge Base Assistant · Time-Series Analysis (LSTM / RNN) · Fake Account Detection

Education

B.E. in Computer Science & Engineering

May 2024

Chandigarh University, Mohali · CGPA: 7.75 / 10

Certifications

Machine Learning — Coursera / Stanford University

Introduction to TensorFlow for AI, ML, and Deep Learning — DeepLearning.AI
